## Description:

Noise cancelling microphone along with the HD sound quality provide a high quality of conversation. Soft cushions covering the earpieces allows the user to experience a great work comfort by providing improved passive noise reduction and isolation from undesirable background sounds. The VOICE UC28 is equipped with an ergonomic USB pilot, which allows the user to answer and end calls, adjust the volume and mute microphone. The headset is compatible with most of the operating systems, including Skype for Business and 3CX\*. Busy light on the microphone informs other people about an ongoing call. Furthermore, the Plug&Play technology helps your PC to recognize the headset right away, allowing seamless connectivity.

\*3CX requires drivers installation
