Description:

Bring your online business meetings closest to a real-life experience with the Axtel AX-FHD Webcam Pro. This new state-of-the-art webcam will maximize your company's productivity by allowing a superb quality of virtual meetings with the most advanced technology.

Body language is a major element in interpersonal communication, which can only be conveyed as you observe the other person. That's why uninterrupted image is crucial for effective communication when it comes to online meetings. The Axtel AX-FHD Webcam Pro provides flawless image guaranteed by Full HD Video Quality 1080p alongside exceptional frame rate 60 FPS - the greatest performance on the webcam market. Moreover, it has been equipped with an extra wide angle of 105 degrees, which is especially convenient if a whiteboard is used for presentation or there are many people in the room to fit in the image. Supplied with numerous convenient elements, such as privacy shutter to ensure security when the device is not currently in use, and a 2-meter long USB cable for additional comfort of use.
